Subject : Application for prospecting internship

Dear Sir / Madam,

I am writing you as part of my search for an internship in the field of responsible for commercial prospecting for a period of 2 or 3 months within your company. Your company with its serious reputation could indeed allow me to gain my first significant experience in the field of commerce. This internship would therefore be an excellent opportunity for me to familiarize myself with this field, a field that interests me particularly and that I would like to work with from the start of my professional career. Your expertise is internationally recognized and an internship with your teams would be a great opportunity for my future career.

Currently in the first year of BTS in international trade at the University of Diderot campus, I am looking for an internship, to develop my skills and knowledge in the field of trade, more particularly as a prospecting officer.

The knowledge I acquired during my first year as well as my great motivation and my ability to adapt will allow me to integrate quickly into your team. As prospecting is a central element in my long-term professional project, I think that your company is a promising structure that could give me a lot of experience as an intern.

I remain at your entire disposal to provide you with any further information regarding my application and hope to be able to discuss a possible collaboration during an interview.

Yours sincerely,

Haizlal Fardi N. Abodo
