Dear Sir or Madam,

Application for a work placement

I am writing to you to find a work placement.
After my Baccalauréat STMG, I chose International Trade at the IES Sainte Marie in Bourges, France. I choose this training because during my last year of Bac I chose the marketing option so it fits with the BTS commerce international but also because foreign languages and cultures interest me a lot. I am an active, funny and serious boy. For me, in the world of work, it is essential to exchange with colleagues because work is always done as a team.

I decided to choose your company because I am very interested in the marketing sector but also by the digital.

During July 2021 I worked in a supermarket in the fruit and vegetable department, it was a great experience.

I master the logiciels like Power Point, Excel and Word. I speak French because it is my mother tongue, I speak English (B2 level) and Spanish (C2 level).

I thank you for your time and consideration and look forward to hearing from you.
Yours faithfully

Hugo Prat
