## TO WHOM IT MAY CONCERN

As I am not yet a graduate of my Higher Degree in International Trade, I am contacting you to express my interest in being able to carry out my internship agreement in your company.

I believe that my profile meets the expectations that could be expected to do a good internship with you. I am including my CV with my contact information and I could send other documents if it is necessary.

I would be delighted to take part in the recruitment process to make an internship in this company and to be able to answer any questions in a personal interview. I think it is not necessary to share my greatest interest in being part of this prestigious company, which we share values and my greatest motivation is to learn and to be able to contribute with you.

I look forward to hearing from you,  
Best regards,

**LARA TORRES**
