For the attention of the company  
Manager

**Subject: Application for a 2 months internship in marketing**

Dear Madam or Sir,

I am writing to apply for a 2-month internship in your company between May and July 2022 in the field of marketing.

I obtained a High School Diploma in specialty in management. I am currently a Pre-bachelor's in international Trade student at Charles Peguy high school.

Integrating your company will allow me to pursue my career in trade and marketing, a field in which I particularly thrive. Moreover, my professional experiences are an asset for my success. I can therefore assure you that it is in your company that I wish to do my internship and I will give myself all the necessary means to achieve this.

After graduating as an animator, I have developed various skills such as pedagogy, creativity, responsibility and teamwork.

I also had the opportunity to help out at our family restaurant, where I was able to have an approach to management, financial management, stock management, team coordination and customer relations.

All these experiences allowed me to acquire knowledge and consolidated my future choice in import-export.

This internship would also give me the opportunity to broaden my language skills, especially in English, in several countries. It allowed me to be more autonomous. I am eager to improve myself in the perspective of an international career.

I am a person eager to learn, with a rather creative and analytical mind, ambitious and hardworking. I will make the necessary efforts for the success of my internship if you give me the opportunity to join your company.

Yours sincerely

Aliya SAIFOUNDINE
