Dear Sir, Madam,

I am a senior at EGC Business School, in New Caledonia. I am eager to gain practical experience in the field of Marketing and digital marketing.

Growing up on an island has instilled in me a desire to experience different cultures and expand my horizons.

different cultures and to broaden my horizons. So that means travelling, which I think is essential for me. This is why I would like to do my internship internationally and why Ireland seems to be the perfect country to gain international experience.

As a proactive and motivated person I am sure that I could make a real contribution to your organization.

I am a very curious and adaptable person always ready to learn.

I believe that my previous experiences and my academic background make me a strong candidate for this internship opportunity .

Furthermore I think I am a perfectionist and calm person which allows me to work on important tasks or under pressure.

Thank you for considering my application. I am excited about the possibility of contributing to your organization and would welcome the opportunity to discuss my qualifications further in an interview.

Best Regards,
